

Thank you for your interest in supporting us. Below is details of our sponsor schemes. Every little bit helps and all funds are spent at Grace House.

Sponsor a Family

Since 2005 there has been a 75% increase in the number of residential care facilities in Cambodia, many of these are in Siem Reap. Almost half the children placed in orphanages have one living parent. Poverty causes parents to give up their children. Numerous reports show children fail to thrive in residential care. By supporting the family we give parents the opportunity to educate and feed their children, therefore maintaining the family unit. At Grace House we strongly believe in empowering the parents to provide for their children, this is why we ask you to sponsor a family NOT a child.

\$40/£25 a month enables Grace House to provide an average family of 4 children with rice, medical costs and school fees. You can help by sponsoring a family for just \$5 a month, email admin@gracehousecambodia.org for your sponsorship pack

Sponsor a Class

At Grace House we believe in partnerships with schools around the world. Several schools in the UK, Australia and Canada raise funds to support our classes. The aim is to have sponsorship for each of the 8 classes . If your school, youth club, college or university would like to get involved email admin@gracehousecambodia.org for a sponsorship pack

Sponsor a School Leaver

The young people at Grace House move on to study at university or learn a skill. In sponsoring a young person you help them achieve their dreams. A typical university course fees are \$400 a year plus living allowance of \$50 a month. Vocational courses costs vary from \$0 to \$300 but living allowance of \$50 a month is needed. You can sponsor a young person for just \$5 a month, email admin@gracehousecambodia.org for your sponsorship pack

Sponsor a Bed

Our small group home for children with special needs relies on donations. As the enthuses is on transitional and respite care we ask for supporter to sponsor a bed, rather than a child. Each bed costs \$200 a month to run, we have named each bed a Cambodian flower - Rumdul, Frangipani, Lotus, Water Lily, Jasmine and Orchid. If you are interested in donating towards a bed and enhancing the children's lives please email admin@gracehousecambodia.org
